

CD STUDS: SPECIAL CAPACITOR DISCHARGE STUDS

From a .060" diameter no-thread CD stud to a 7/16" hex CD stud, SUNBELT can supply a special CD stud to meet your precision fastening requirements. The illustrations below indicate just a few of the possible configurations in which CD studs can be manufactured. These illustrations, however, do not represent any standard SUNBELT in-stock product line. If you require a special configuration CD stud for your application, please submit a sketch or drawing with dimensions & material requirements to SUNBELT for a quote.

*Other studs available on request.
